Welcome to Suuchi

We're here to help

WWW.SUUCHI.COM
Dedicated to Fighting COVID-19

Joining the Fight

We, at Suuchi Inc., have been monitoring the COVID-19 pandemic and have seen the damage that this virus has inflicted on our local, national, and global communities. It is our responsibility to be part of the solution and put an end to the spread of this disease so our healthcare officials can focus on treating and curing patients without having to sacrifice personal safety and well-being. We are re-purposing part of our global supply chain capacity and are mass producing and sourcing millions of units of PPE for local, state, and federal health organizations.

“ *We're determined to make a difference and do our part during this war with this invisible enemy. Supply chains are fragmented and we're here to bring it all together and provide support to our healthcare professionals and first-responders.* ”

Suuchi Ramesh
Founder & CEO, Suuchi Inc.
